Life After 1:55

What did the Class of '86 do after school? A good number of us kept busy with sports. Remember hanging out in the locker rooms or on the playing fields before practice: girls talking about classes and the day's events and the latest romances; the guys likewise discussing school or what was happening that weekend, blasting Bruce or AC/DC or Phil Collins . . . dreading sprints or laps or getting psyched for the game.

Others had work-study with Mr. DiGiammarino or an afternoon job at the supermarket or local convenience store. Some of us had Oracle or French Club or Latin Club or DECA and were selling raffle tickets, planning car washes and were getting ready for the trip to Spain or France or Greece. We also met in front of the school, catching rides or running for the bus (sometimes not making it). And last, we sometimes went straight home or to the library to work on the big history report due Friday which we had put off 'till the last minute.

Friends

At WHS classes were important, as were sports and other activities. More important, however, were our friends. Classmates, teammates, companions— we couldn't do without them. They were important for a lot of reasons.

A friend was the one with whom you talked after class to get things off your chest. A friend congratulated you when you got a good test grade, or encouraged you when you didn't . . . kept you informed about whatever you had missed in school . . . laughed with you and talked with you between classes . . . stood by you on the playing field or gym floor or track.

A friend talked to you on the phone in the evening and told you the assignment you had missed or forgotten . . . gave you a ride to school or back home . . . said "Hi" in the hallways . . . went with you to the movies or the football game or a party . . . didn't always agree with you but respected your opinion. A friend was there when you needed one. Thanks, friend.

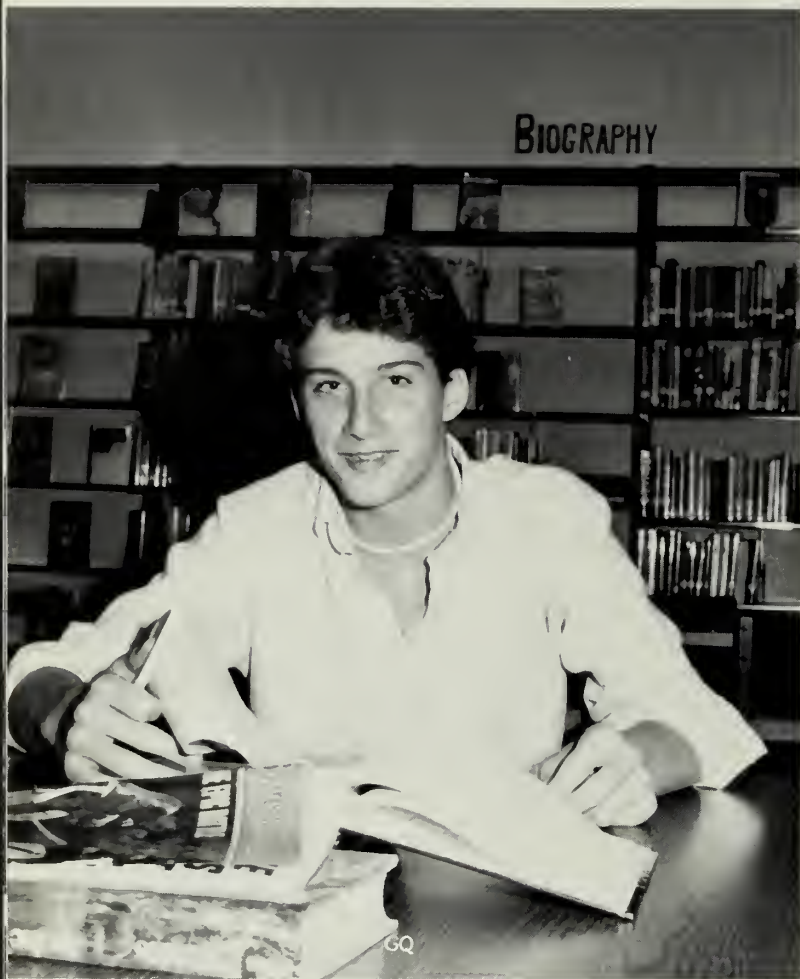

Friends Old And New

Make new friends, but keep the old;
Those are silver, these are gold;
New-made friendships, like new wine,
Age will mellow and refine.
Friendships that have stood the test —
Time and change — are surely best;
Brow may wrinkle, hair grow gray,
Friendship never knows decay . . .

Sports At WHS

Sports have long been an important part of life at WHS. When athletes join a team, be it football, baseball, softball, tennis, or track, they take on a responsibility; they agree to be loyal to their school, their coach, and their teammates. But more importantly, an athlete agrees to be true to himself, to give his best effort even when he does not really want to, knowing that that is the only way he can truly feel good about his performance.

These are the ideals a WHS student-athlete tries to live up to. These ideals may not always be reached, but there is something good in just striving for them. As one student from the class of 1986 stated, "Winning wasn't the most important thing, though we had a winning season. It was being on the team, knowing that we had to work together to accomplish anything. It was a good feeling."

Preparing For College: Class Rank

When the Class of 1986 entered Wakefield High School, students were on the road that led not only to a high school diploma, but beyond, to a life in the real world. For many students, this road would include some college experience. Preparation for college began early in high school, when a student chose either a college preparatory or a general course of study. Some students were off with the gun, choosing difficult academic classes, undertaking independent study, taking music classes after school hours, and going to summer school. The reasons for this intensity were twofold: These motivated students were interested in challenging themselves intellectually and in augmenting their class rank, an important reference that colleges use in the admissions process. During the WHS career of the Class of 1986, the determination of class rank became a source of controversy, with some arguing that the system favored certain students, was thus unfair, and should be changed. Consequently, a new class rank was designed and put into effect for future graduating classes.

A wild summer in Wakefield

"Scenic" Lake Quannapowitt

St. Joseph's

Wakefield Past And Present

Parades. Sidewalk bazaars. Fourth of July races on the common. Boy Scouts, Girl Scouts, youth sports—basketball, baseball, gymnastics, and soccer. Walking through Wakefield Center. Lake Quannapowitt. The Common.

These things and more come to mind when we think of Wakefield and the days we have spent here, which only now we are truly beginning to appreciate. School was only a part of our lives. In addition to school, there were many other events and activities that helped us to grow and made life in Wakefield special. Now many of us are going to leave town for college or work. We will leave what we have called home for all or most of our lives.

The class of 1986 thanks the town and its people for helping us along the way. We hope that the experience of future graduating classes is as educational and fulfilling as ours has been. Wakefield, thanks a million!

License!

Your key to freedom. From sophomore year on, there was always someone you envied because he or she had a license or even a car . . . a first step to independence. You watched and waited, maybe even saving money from a part-time job for a car or motorcycle.

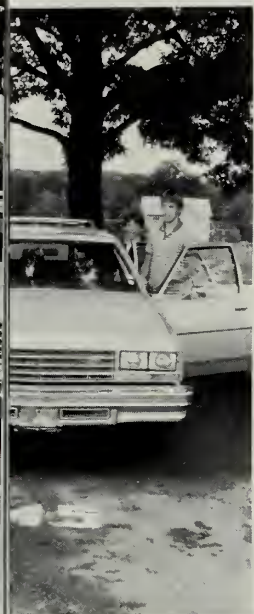

Then came junior year. Sure, Driver Ed. costs money, but you found it somehow. You took classes in the lecture hall after school or in the evening in Wakefield Center. You eventually earned your permit, and mom or dad took you out for that first shaky drive. Then came driving hours during study halls where you learned (or tried to learn) the rules of the road. You gained confidence, but there was still the big test ahead. You heard how so-and-so had failed or had almost failed, and you worried. Hill stops, three-point turns, directional drive, emergency brake, gas, backing up, hand signals. You hoped that you remembered it all.

Then the big day came. You put on extra deodorant, glanced at the license manual one last time and went to the Registry.

There now, it wasn't as bad as you thought. You got it! "Dad, can I borrow the car?"

Too cool

It's finally 1:55!

Ready, Go!

On to, Mr. Bennett

S-k-i-p-p-i-n-g

It is found to some extent in every state in the union, not to mention the District of Columbia or US possessions overseas. Any guesses? Skipping, of course. Simply stated, students skip school sometimes *sans scruple*. They say, "I was sick" or "I overslept." Sorry."

Why? 1) excessive assignments 2) extra-scholastic houseparty 3) sick of classes 4) sincerely overslept-missed bus-no transport to school 5) slightly sick 6) et cetera.

Excuses? "sick" . . . "seeing dentist" . . . "nursing dyspeptic sister" . . . "domestic dog consumed my clothing" . . . "my street is under reconstruction" . . . "sibling stole my textbooks" . . . and the semi-straightforward "college fair".

Possible solutions? Extremely scarce. A truant officer seems extreme. However, Mr. Sullivan's discipline does possess some stoutness. Stumble on any solutions recently? If so, please submit to WHS Administration speedily.

DECA

The 1985-1986 school year saw considerable student participation in distributive education. More than 40 students were involved in distributive education, which taught them about advertising, marketing, merchandising and management. As part of their learning juniors and seniors became involved with Distributive Education Clubs of America (DECA) and operated a school store in which they put to use the principles of advertising and managing learned in class. Nicknamed DECA, the school store has been a success for all involved; a source of supplies and goods for faculty and students, a meeting place and candy outlet; a source of learning and revenue to be used to defray the cost of field trips, conferences, and other DECA activities, and for the local dentists, a thriving business in cavity treatment.

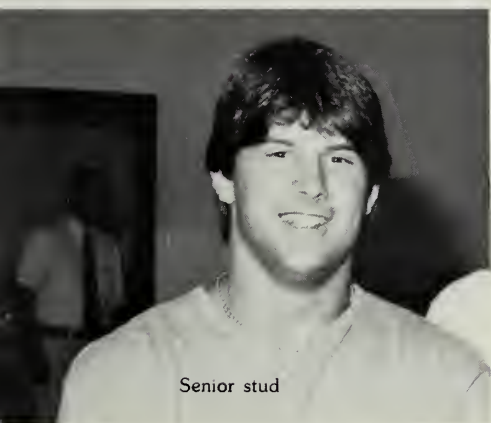

DECA has amazing rewards

Senioritis

Senioritis Academicus — Inflation of the ego. Highly contagious. Seen primarily in high school seniors; occasionally early stages of the disease are found in underclassmen.

Symptoms include: decline in intensity of study, apparent lackadaisical attitude toward school and schoolwork, increased tendency to party, tardiness, "senior strut," and, of course, skipping.

Disease is brought on by the approach of graduation. Some are more susceptible than others, but by late senior year, elements of the sickness are seen in almost all seniors.

The main surge of senioritis occurs after mid-year school reports are sent to colleges, and becomes more prominent with senior dress-up day, senior skip day, and various other illicit activities.

Term of the disease ranges from a few weeks to a year or more. **No known cure.** Disease fades with graduation. However, senioritis can be controlled to some extent through a heavy dose of discipline.

For more information, refer to Mr. Raymond Osborne, Mr. Joseph Sullivan, or the WHS faculty, who have done much work with this unfortunate syndrome.

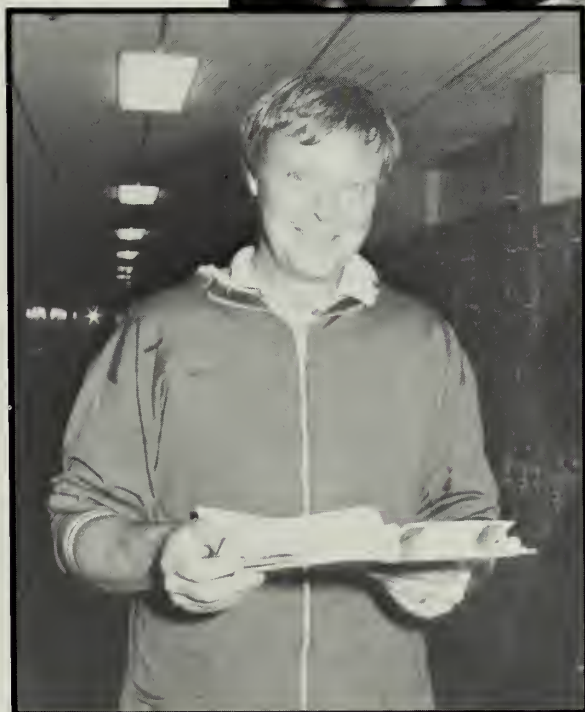

IN DEDICATION

Coach Richard Kelley

We, the Class of 1986, wish to dedicate our yearbook to Mr. Richard Kelley- a teacher, a coach, and a friend. Coach Kelley is admired for his general concern for his students and for his unique ability to relate to them. Whether we see him in the gym, on the field, or in the halls, we can be sure that his interest in us is sincere. His perpetual smile gives us confidence to make the most of our abilities. Because of his consideration and kindness, Coach Kelley will hold a special place in our memories of the four years spent at WHS. Coach, we thank you for being such a super person and for making our time here extra special!

SPECIAL RECOGNITION

Mr. Michael Geragosian & Mr. Kevin Kilfoyle

DECA . . . Room 2108 . . . Killa and "G" have been described as friendly, fun, and easygoing guys, and because of these qualities, they have won the hearts of all their students. Whenever a student has a problem, one can be sure that either "G" or Killa will take the time to sit down and talk it out . . . field trips . . . local and state conventions . . . thank you "G", for getting up after those long, hard hockey games . . . Did you win, "G"? . . . "Born in the USA!" . . . "If you see Kay, tell her I said "Hi!" and "Richard" . . . On behalf of all the students, we would all like to thank you both for everything you have done. Thanks for the valuable memories!

Señor James Fallon

Spanish . . . Room 2217 . . . Seldom do we find a teacher who has genuine interest in an entire class. Señor was willing to become involved with his students, and that willingness has won our respect and trust. He garners affection from us through his warm humor and interesting manner of teaching. Señor communicates to us with respect and kindness, which has made him a favorite of all who have had him as a teacher. We remember: noticias, map examinations, witty stories and remarks, "clase!", film-strips, cat stories and "otras cosas" etc. Señor, we thank you for giving us the encouragement and for always being there for us when we needed someone. You, are a prime example of a true friend.

Principal's Message

To: The Members of the Class of 1986

In this volatile and ever changing world of the nineteen-eighties which has witnessed global disruptions of all kinds - social, political and military in nature - we are all strongly motivated to seek a safer, saner world in which to live and work. The basic concepts which led to the creation of our country and our society have not changed. These ideas are still prevalent in our schools and are reflected in our fundamental beliefs. We hope they will serve you, as they have others, as a guideline in the years beyond high school.

- A belief in equal opportunity for all, both in education and the market place
- A belief that hard work and honesty have their own rewards
- A belief that tolerance and reason can overcome and begin to solve problems
- A belief that we as individuals count for something in the scheme of things
- A belief in our country and the opportunities it affords
- A belief that we are responsible for our own lives and our own decisions
- A belief that we should take care of ourselves physically and mentally
- A belief in, or faith in something beyond mankind.

I wish each of you success in whatever you choose to do. May your lives be productive and may you find fulfillment.

My sincere congratulations to the members of the 1986 graduating class!

Sincerely,

Raymond U. Osborne

Activities

STUDENT COUNCIL

WHS Student Council is a great opportunity to help students learn about responsibility, leadership and student government. With the help of our advisor Mr. Ralph Filippone, we have succeeded in reaching these goals. More students become involved in school activities by running the concession stand at Landri-gan Field for football and soccer games. Officers include: Kelley Daniels, President; Erin Sullivan, Vice President; Patrick Good, Secretary; George Carino and Vinny Majeski, Students at Arms.

STUDENT ADVISORY

The Student Advisory, a group that acts as a liaison between the students and the school committee, presents students' concerns to the elected officials. The S.A.C. gives a formal presentation before the committee at least four times a year. They try to accurately depict the problems of the students. The Student Advisory helps the school committee stay informed of the high school's needs.

NATIONAL HONOR SOCIETY

The National Honor Society inducted several dozen Wakefield High seniors over the 1985-86 winter. The students were chosen based upon their excellence in four areas: scholarship, leadership, service and character. To be eligible for membership, a student must maintain a 3.4 grade point average. Once inducted, a student must maintain his/her scholastic averages and continue to be of service to the school and to the community, and participate in NHS-sponsored service activities. The year's officers are: Steven Descoteaux, President; Michael Warchol, Vice President; Mindy Macdonald, Secretary; and Michael Bonner, Treasurer.

FRENCH CLUB

The French Club plans to hold several fundraisers this year in order to organize a trip to the Museum of Fine Arts, to see the Renoir Exhibit. In past years, "Les etudiants" have held car washes and traveled to France in 1984. New officers include: Sharon Wishnow, President; Cindy Bizzaro, Vice President; Janine Boudreau, Treasurer; Kathy Lilly and Janice Whitehead, Secretaries. "Merci" a Mme. Moakley, our advisor.

AFS

The American Field Service is an International-Intercultural Exchange Program. The Wakefield Chapter is very proud to be hosting Judith San Juan from Barcelona, Spain this year. AFS includes many activities such as meetings, receptions, hay-rides, parties, day trips, paper-drives and a short-term exchange with another city in another state for five days. The AFS experience is one we will treasure always, for we have not only learned about other places, but we have also made good friends that will last a life time. Officers include Mindy Macdonald, President; Kelly McFarland, Vice President; Julie Green, Secretary; Jack Wixted, Treasurer.

Bernado Mullerat, from Barcelona, Spain, has come to Wakefield through AIFS, and he is staying with the Szabo family.

We are glad to welcome Judith San Juan to our senior class. She is residing with the Hardy family in Wakefield.

SPANISH CLUB

The Spanish Club plans to take a 9 day trip to Spain in April 1986. The trip will include a visit to Madrid, Seville and Granada. To raise enough money to go, the Spanish Club was involved in washing a portion of 66,000 dirty champagne glasses.

Front Row L to R: T. Fine, J. Cashins, C. Bizzaro, H. Zagaria. Back Row L to R: K. Haggerty, M. Granese, A. Goldstein, M. Macdonald, S. Hoey, D. Winsor.

KEY CLUB

The Key Club, an organization affiliated with the Kiwanis Club in raising money for charity, organized the Thanksgiving Day Breakfast, spring road race, Ski Trip and even found themselves cleaning 66,000 dirty champagne glasses in the WHS cafeteria. Officer members include Julie Galante, President; Tania Fine, Vice President; Kelly McFarland, Secretary; John Lamphier, Treasurer. Special thanks to our advisor Mr. O'Keefe!

MATH TEAM

Every month the Math Team (led by Doug Silveira in '84-'85 and Seth Faler in '85-'86) traveled to another high school in the area to compete (or give a valiant effort) against other students from these schools. Each "Mathlete" scored points in his three categories with three ten minute rounds consisting of three problems. The practices with Mr. Davis and Ms. Smith were helpful . . . "We love math!"

STRATO CLUB

The Strato Club is in its first year of existence at Wakefield High. Based on the statistics of Major League Baseball, the Strato-matic baseball game allows its players to become managers of their own teams. Enjoyed for many years previously, this year under the direction of Commissioner Dave Barrett (one of the original Founding Fathers; which also included Tim Melanson and Andrew Schille- now retired), the Strato Club is enjoying its richest and most exhilarating season. On the way to play-offs, it looks as if Mel and Dave are on top again, closely followed by Hum and Scotter, and the Cellar Dwellers Rick "the trade man" DeFeo, and Mr. Consistency Steve Farrell. The Strato Club hopes and strives to maintain its club status at Wakefield High for many years to come.

CHILD CARE

The girls in Child Care learn all the responsibilities of becoming a parent through a one to one basis with a young child. A lot of time and patience is required of the child care students. In addition to planning a lesson for a child, the girls also go through various tests to measure their parental abilities.

DECA

The Wakefield High DECA Club (Distributive Educational Clubs Of America), has been in the high school program for ten years, and continues to grow steadily. Through DECA, the students have the opportunity to learn marketing and distribution in their work in the classroom, school store, and Co-op. During the year students participate in local and state competitions to prepare themselves for a future in business. The 1986 DECA officers include: Shauna Murphy, President; Michelle Mercurio, Vice President; Lisa Cambriello, Secretary; Lisa Bucknam and Deanna Gelardi, Reporters; and Linda Marino, Treasurer.

TV PRODUCTION

WHS Channel 16 Ed. Access is now in its 3rd year of producing shows for Wakefield audiences. Ed. Access is responsible for producing local shows dealing with sports, educational programs and town activities. Active in TV Production are: Kerry Flaherty, Paul Companeschi, Rich Cresta and Jack Wixted. The studio coordinator, Mark Kelsey, gives much time and effort to Channel 16. Some of the many programs that Channel 16 produces include: *Trivia Live*—Wakefield's longest running show, specials like *Wakefield* and *the Nuclear Debate*, and regular series like the WHS-TV News.

FIRST E.S.B.

The First Educational Savings Bank is a student operated bank. The senior officers, Laura Manzi, Seth Faler, Alexis Buckley and Tom Bringola, work every day in the school office. Being an officer entails all the responsibilities of running a branch of Wakefield Savings Bank. Working at the 1st ESB is an important educational experience.

CHEERLEADERS

The cheerleaders at Wakefield High enjoyed plenty of fun this year including attending camp and banquets, organizing pep rallies and marching in the 4th of July parade. They will never forget "that certain night in Maine", Shauna's parties, and being stuck at Merrimac. Cheering at The Boston Garden and the victorious Thanksgiving game are two experiences the girls will always remember fondly. The squad agreed that all their time and effort paid off when they placed 3rd in the annual competition!

TACKLING TO VICTORY

A winning season, Coach of the Year Bob Connors, and three Warrior players on the All-League Team combined to make this the best football season in recent memory. Players honored for the All-League Team were seniors Richie Phipps and Ken McNall, and junior teammate Tito Raymond. These players helped to lead the Warriors to a 6-4 record. The players will never forget winning the Stoneham game with one second left, winning the Thanksgiving Day game, and snapping their 22 game Middlesex League losing streak at the Watertown game (21-20). The hard work of all the team members and the dedication of Coach Connors, Kelley, Walsh, Jesi, Boyages, and Kasabian produced a winning combination that will be remembered for a long time to come.

JUST FOR KICKS

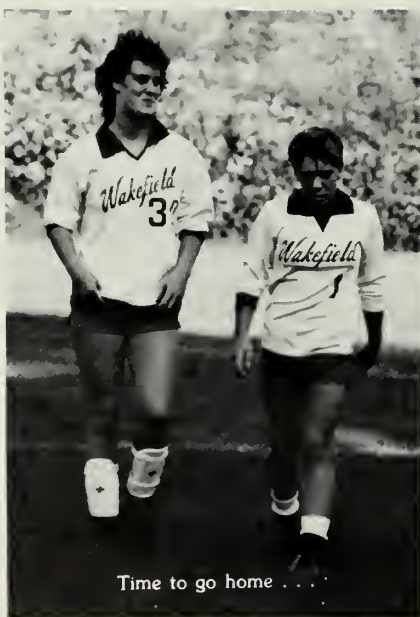

The 1985 Girls' Soccer Team played to an outstanding 13-3-2 record. Led by the Sydlowski sisters, the soccer team combined outstanding defense and good offense for success, highlighted by a tie against Winchester, 1-1. The team enjoyed plenty of fun and excitement like their first night game and practice in the mud. The girls made it to the quarterfinals in the state tournament where they lost an exciting game to Belmont. The six graduating seniors would like to wish future teams good luck and much continued success!

JUST KICKING AROUND

The 1985-86 Warrior soccer team, under the direction of "COACH OF THE YEAR" Dick Kelley, worked its way to an impressive 16-3-2 record. This included going through the first 15 games undefeated before losing back-to-back heartbreakers to rivals Lexington and Belmont. Tom Humphreys and Tim Melanson, along with Sean Monahan and Steven Harrington, were nominated to the Middlesex league All-Star Team. Receiving Honorable Mention for the All-Star Team were David Barrett, Michael Chapman, and Sean Higgins. After being seated fifth in Division I North of the State Tournament the Warriors won their first two games, a blowout over Salem and a thrilling 1-0 overtime victory vs. Medford. In the Semis when goalie Tim Melanson's season long unscored-upon steak ended in a deceiving loss to top seated Andover, so did the Warrior season.

The field hockey team finished its season with a record of 11-3-4 led by captains Audrey O'Keefe and Denise Blasi. Coach Crocker and Coach Riordan helped bring the team once again to the Division I State Tournament. We'll never forget the Woburn night game and our cheerleaders, playing Danvers in the state tourney, doing hill sprints, Prince before the game, Frank and the bus rides, and little Caitlin.

RUNNING OFF WITH A RECORD

The Girls' Cross Country team, led by Captains Susan White and Karen Anderson, had a very successful season. With two big victories over Stoneham and Belmont the Warriorettes ended the season with an 8-0 record, becoming the Middlesex League Cross Country champions. The team would like to thank Coach Deke (the Deacon) and Debbie, our manager.

AND THEY'RE OFF . . .

The Wakefield High Boys' Cross Country team worked to another winning season, finishing with an 8-1 record. Despite a one point loss to Melrose late in the season, the Warriors showed once again that they are one of the premier running teams in the Middlesex League. Depth proved to be a problem for the team: Varsity runners Doug Silveira, Jim Maher and Jeff Zagaria each suffered injuries during the season. Led by veteran Coach John DiComandrea, Wakefield finished tied for the league championship with Woburn and Melrose, and again the team ran in the State Meet at Franklin Park.

TEEING OFF

Despite their 3-6 record, the 1985 Golf Team displayed sportsmanship and maturity with the assistance of Coach John Salerno. Co-Captains Keith Sliney and Ted Conway led the squad while qualifying for an appearance in the League Meet at the Stoneham Country Club. The departing seniors will always treasure their memories of golf at WHS and hope that future teams find the same kind of fulfillment and success.

The WHS swim team enjoyed a very successful season under the guidance of our coaches Richard Whitworth and Phillip Surrette. Captains Kerry Crowell and Stephanie DeSimone led the squad to a 5-6 record. Strong performances were turned in by Jarline DeSimone and Peter Adamayourka in the individual medley, Mike Buckley and Stephanie DeSimone in the sprint freestyle events, and Ryan Crowell and Melanie Paarz in the distance events. Congratulations also to Matt Buckley who reached sectionals and also to league All-Star Kerry Crowell who reached sectionals in butterfly. The team will always remember abusing our coaches and that ridiculous Saugus swim team.

HAVING A BALL

The 1985-86 girls' varsity basketball team, led by first year coach Bernie Plansky, vastly improved their previous record. Their hard work and effort made this successful year possible. The team was also led by six seniors: Kris and Karen Majeski, Kristen Baxter, Stacey Smith and co-captains Martha Sydlowski and Tina Geracoulis. The players enjoyed many good times together both on and off the court. (B vs. W game and skiing!) The seniors wish the coach and team continuous success in upcoming seasons. Good Luck!

ON THE REBOUND

This year's Wakefield Warrior basketball team was headed by senior co-captains Richie Phipps and Jim Razzaboni. Memorable games for the Warriors included the first defeat against Lexington (coming out victorious at 91-83). Another important victory was Woburn at Wakefield as Harrington sunk a buzzer beater to win the game. Also the players came alive with big wins against Winchester and Melrose to win the Wakefield-Melrose trophy game for the 17th consecutive year and sent Wakefield on the road to the Division II State Tournament.

The 85 - 86 Warrior Hockey team, led by Coach Dave McCarthy and Assistant Bob Miksen, fought it's way to a 14-4-2 record, finishing Third in a tough Middlesex League and once again qualifying for the EMass Div. I State Tournament. The team finished the League with both the best offense and best defense and managed an eleven game unbeaten streak. The team also went undefeated to win the Christmas Tourney. Representing the Warriors as League All-Stars were Tom Humphreys, Matt Sardella, Rick DeFeo, and Mike Chapman, while Humphreys, Sardella, and Chapman also received All-League honors.

ON THE MAT

This year's wrestling team, under the guidance of first year coaches Brian and Ron Clark, finished the season with a fine 10-5 record, and was ranked fifth in Division I North. Led by senior tri-captains Jim Lombara, Eric Mueffelmann and Tony Germanetto, the senior varsity consisted of: Pat Conway, Kevin Dwyer, Dave and Rob Nardone, and Mike Warchol and Rob. Highlights of the season included Jim's 15-0 dual meet record with an amazing 14 consecutive 6-point decisions at 147 lbs., Eric's first place, and second place finishes by Jim and Alan at the Belmont Tournament.

AIMING FOR PERFECTION

The 1985-86 gymnastics team consisted of ten dedicated athletes. With the help of two outstanding coaches, Suzanne Tremblay and Joanne Lembo, they achieved many of their goals and made some dreams come true. The members of the team this year were led by co-captains Maura Cardillo and Joanne Goodchild. Along with participating in several gym shows off season, the girls also worked with junior high and grammar school girls. After a hard season of long practices, the girls found it all worthwhile when they hosted their league meet on February 8 in the WHS field house. Unfortunately, the team did not make it to districts, but their talents should be recognized.

RUNNING WILD

The girls' 1986 winter track team, led by captains Susan White, Mary Ellen DeRoche and Karen Anderson, had a great deal of talent, but because of the small numbers and a very young team, the girls ended the season with a 1-6-1 record. Five of the eight meets went down to the relay, the last event. Hopefully next year the girls will have a better season.

The boys' indoor track team completed their season with a 5-4 record, their first winning season since 1983. The Warriors, led by first year coach Greg Kasabian and captains John Kefeyan and Doug Silveira, achieved their winning season by defeating Melrose in the last meet of the season 53-33. Wakefield was represented and placed sixth in the Spring Medley event in the State Relays at MIT on February 1, and was also represented at the Eastern Mass. FROM THE MOUND

The 1985 Softball team had a good year with a record of 13-7-0. Some of the highlights include playing against Bishop Fenwick in the states, and losing in a close game of 2-1, and the great camping trip of 1985! Favorite team sayings include, "1 down 2 to go! Last year's 1985 baseball team, under the direction of Coach Guidi, had a surprising 7-1 record in the first half, but later fell to 8-12 at season's end. This year the team is looking to improve this mark under the leadership of Captain Dan Salvati and seniors Rick DeFeo, Kevin Lucey, Matt Sardella, Richie Phipps, Tom Humphreys, and Phil Preston. Coach Guidi is also eyeing his 200th career win under this platoon of seniors.

MAKING A RACKET

The 1985 WHS Girls' Tennis Team, despite daily after school practices (except date days), still managed to have fun on and off the court, including the crazy bus rides. Led by Captains Robin Capone and Kim Baril, the tennis team had a successful season which included close matches against Reading, Winchester, Lexington, and Melrose. Thanks to Coach Judy Mason.

COMING IN FOR A FINISH

Statistically, the 1985 Spring Track Team scored low; memorably, it scored high! The team thanks coaches Mr. and Mrs. Callahan, and will always remember the fun times at Breakheart, Castle Rock, the Strawberry Shortcuts, and the Easter Egg hunts. However, we also remember the hard work on the track, perpendicular hills, and the seven-mile runs. All this work will pay off in a winning season next year.

Front Row L to R: K. Poirier, S. White, K. Anderson, T. Copabianco, P. Eldridge, J. Moriana, K. Burdett, J. Beekman. Back Row L to R: J. Galante, K. Beekman, C. McCauliffe, A. Boudreau, R. Santoro, M. DeRoche, S. Ferrin, M. Jones, K. LeSaffre, Coach Callahan.

ON YOUR MARK, GET SET, GO!

Front Row L to R: R. Brown, E. Blake, J. Hughson, J. Morley, J. Kefeyan G. Squires, J. Masella. Middle Row L to R: D. McCauley, R. Fahey, J. Rollins, S. Putnam, T. Raymond, D. Healey, J. Maher, B. Dee, M. Keenan, J. Calabresi. Back Row L to R: Coach Duff, M. O'Keefe, B. McGowen, A. Lombara, C. Mastrangelo, T. Johnson, F. Antippas, J. Lombara, C. Alden, R. Elcewicz, Coach Dicommandrea.

The 1-8 record does not give justice to the talent on the team. We had many high point scorers like Gerry Squires, Rich Fahey, and John Kefeyan. As an All-Star, Squires went to the state meet, and the 4x100 meter relay team of Blake, Kefeyan, Raymond, & Morley represented Wakefield at the league meet in Reading.

CAFETERIA LIFE

at all and spent the time talking and laughing with friends. Some slept. Some were observed catching up on a sci-novel or a romance. And of course, at some point we all finished that chemistry lab or English worksheet that we had put off. But the important part was that it was our time that we could use as we wished. By the second week of school we established our own cafeteria set-up that we used for the rest of the year where friends sat together. Music students sat in one spot, freshman athletes in a different corner, senior athletes in another, AP students in another; everyone had a place where he felt secure and comfortable with his peers Lunch at school was no haute-cuisine; yet those 22 minutes were often informative and fun, and provided us with some valuable memories of school life and friendship.

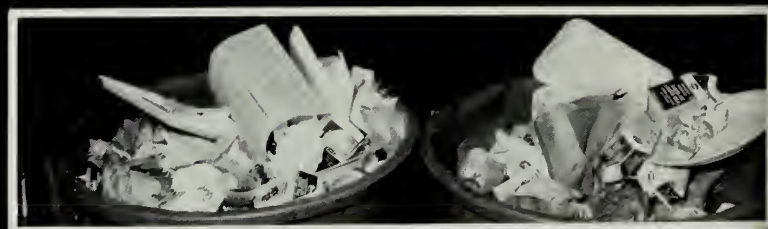

(Scene: Two WHS students approaching the cafeteria before E block.) First Student- *What a math test last block! That was a killer.* Second Student- *I don't know where half those problems came from. I should've studied more. But I can't wait to eat.* First Student- *Yeah, me too. What's the lunch? Please tell me, not that potted beef again. I can't stand it.* Second Student- *No, -wait, it's SuperTaco today! All right! We'd better hurry- the line'll pick up fast* A happy ending to one school lunch story. But more often, students weren't exactly excited about the school lunch. As a result, a lot of kids brown-bagged their lunch, or opted for the hot lunch line and an ever-popular pizza, or went on an illicit run to Toody's. In any case, lunch was an important part of the day. It may have been only 22 minutes long, but it provided a necessary break from classes. In primary grades we had recess. No more. Study halls perhaps, but lunch was the only sure break from school work. Food was traded or given away, cookie money was borrowed, homework was exchanged and jokes were told. Sometimes a tray was dropped; that accident was something we all dreaded happening. Students used their lunch period in a variety of ways: some decided not to eat lunch

PART TIME JOBS

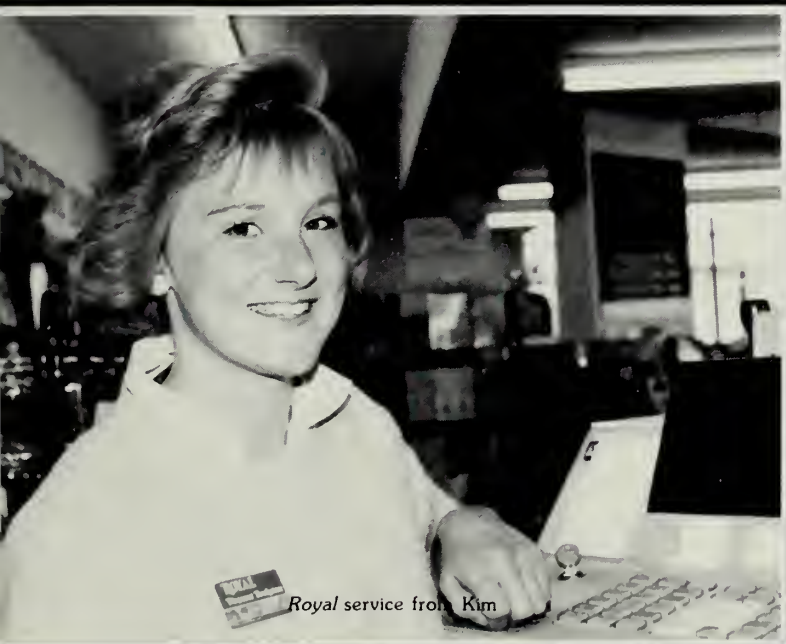

Well uniform, Kim!

Shopping or running errands around town you may have seen some familiar faces — WHS students diligently working the cash registers at CVS or flipping burgers at McDonalds. Part time jobs were a part of life for many of us; we worked after school, on weekends, or during school hours as a part of work study. Some students juggled a job with a sport, music, or another activity. Yet when asked if having a part time job interfered with schoolwork, most students replied in the negative. We learned to play our jobs around our homework — or vice-versa.

Royal service from Kim

Kim — a hard worker and a great employee

At the time work provided us with a basic necessity — spending money. Students needed cash for different reasons: clothes, movies, concerts, school activities, car repairs, and gasoline. A lot of money seeped out in the cafeteria for pizza, chocolate chip cookies, and ice cream. Some students could discipline themselves enough to save money for larger expenditures such as a car or a trip or college. Others could not. But whether it was 3 or 30 hours a week, the time we spent working provided each of us with a lot of memories.

MUSIC OF THE '80'S

When it comes to music, everyone knows that today's pop stars come and go faster than the public can keep track. Although some stars stay at the top for up to ten years, others enjoy only fleeting fame for several months. Therefore, with so much competition in the Rock & Roll world, those who do make it to the top must have something very special to offer Bruce Springsteen — The Boss — made quite an explosive comeback in 1984 with the release of his 7th album "Born in the USA." His accompanying stadium tour resulted in massive sell-outs. Songs like "Dancing in the Dark" and "Glory Days" climbed the charts . . . Like Bruce, Tina Turner made a comeback with the release of her highly successful album "Private Dancer" containing "You Better Be Good To Me" and "What's Love Got To Do With It?" . . . Canada's Bryan Adams came out with his best album to date, "Reckless," which sold millions of copies. Adams thrilled fans by the thousands with his exciting live concerts . . . U2 gained tremendous popularity in 1985 as well. With the release of their fifth album, "The Unforgettable Fire," containing "Pride," "Bad," and "A Sort of Homecoming," Bono captured the hearts of many who had not taken notice of him before . . . Madonna, probably one of the most popular sex symbols of today, rose to the top with her timely album, "Like A Virgin," containing hits like "Dress You Up." With her glamorous image and trendsetting style of dress, it is no wonder that Madonna made such an impression in music today . . . Prince entered the charts with the release of his album "1999," followed by "Purple Rain" and "Around the World in a Day," whose lyrics, according to critics, were controversial and racy. However, that did not hinder record sales. The three albums sold in uncountable figures In the heavy metal/hard rock category of '80's music, Motley Crue certainly comes to mind. Lead singer Vince

Neil called their latest album "Theater of Pain" their best one yet. Ratt, Kiss, AC/DC, DIO, Deep Purple, Twisted Sister, Scorpions, and Aerosmith, to name just a few, have also left their mark behind in the '80's was definitely a time for individual projects. An example of this is the phenomenal Sting. The vocalist for The Police decided to take time off to work on his solo LP "Dream of the Blue Turtles." . . . David Lee Roth caused quite a commotion by leaving Van Halen to go solo. His re-makes of "California Girls" and "Just A Gigolo" were so successful with the pop audience, that he decided to remain alone . . . Phil Collins decided to try an individual project too. Although some older fans of Phil believe his earlier material with Genesis to be better than his solo music, songs like "Easy Lover" and "Don't You Lose My Number" sold millions . . . Mick Jagger took time off from The Rolling Stones, and John and Andy Taylor put together The Power Station Dozens of new Punk and New Wave bands impressed another audience in the '80's. Tears For Fears broke in America with their second album "Songs From The Big Chair." The Thompson Twins regained popularity with "Into the Gap," and The Talking Heads came out with "Little Creatures." Other Punk and New Wave bands such as Depeche Mode, Dead or Alive, New Order, a-ha, The Smith, The Cure, 'til Tuesday, The Psychadelic Furs, and The Dead Kennedy's added another dimension to rock & roll with their innovative electronic sounds Obviously, this is only a brief summary of the best that Rock has to offer today. Hundreds of other popular groups exist, and hundreds of new groups will break into fame tomorrow. Yet no matter how temporary their prominence in the world of music, they are still an important and influential part of our lives today.

What were the headlines of 1985 and 1986? Who made the 6:00 news?
What stories made the front page of *The Boston Globe*?

WORLD: South Africa — 900 Blacks died last year in their struggle over Apartheid. Nelson Mandela remains in prison . . . Mexico — Mexico's earthquake which reached 7.8 on the Richter Scale, killed over 4,700 people and left 150,000 homeless . . . Columbia — When Columbia's 17,176 ft.-wide crater awoke and erupted, it became one of the deadliest volcanoes in history, burying the entire countryside in a blanket of mud and ash. Over 22,500 residents were killed . . . U.S.A. — Ronald Reagan serves in his 2nd term as the nation's president . . . Soviet Union — 1985 was Mikhail Gorbachev's first year as Soviet premier . . . Reagan and Gorbachev met for the first time at a Geneva Summit . . . Italy — PLO terrorists killed Leon Klinghoffer aboard the cruise ship *Achille Lauro* . . . **NATION:** The deadly virus known as AIDS sent the country into a panic. Rock Hudson contracted and died from the disease . . . 248 soldiers died in the Newfoundland plane crash of a chartered Arrow Air DC-8 . . . Britain's Prince Charles and Princess Diana were welcomed with open arms in Washington, one of the stops during their visit to the U.S. . . . The \$3,990 Yugo became the most popular car boasting a 6 month waiting list . . . **LOCAL:** Even though winds reached 80 mph and over 350,000 homes lost electricity and water for up to 5 days, Hurricane Gloria was said to be no more than a "blowhard" . . . **SCIENCE:** Halley's Comet was visible and will not be seen again for another 76 years . . . 7 engineers discovered the *Titanic*, the world's largest and most luxurious ocean liner, 12,000 ft. below the Atlantic after it had sunk on April 14, 1912 . . . Tragedy struck when NASA's space shuttle Challenger burst into flames only minutes after take-off from Florida's Cape Canaveral on January 28. 7 American civilians perished in the explosion including 37 year old Christa McAuliffe, a teacher and a resident of Concord, NH, and the first private citizen to fly on the shuttle . . . **SPORTS:** The Kansas City Royals won the 1985 World Series . . . Patrick Ewing signed a record \$17 million contract to play with the Knicks . . . M.L. Carr retired after a long career with the Celtics . . . At 17, Boris Becker became the youngest man ever to win Wimbledon . . . The N.E. Patriots lost Superbowl XX against the Chicago Bears, 46-10 . . . **HEALTH:** the entire country became active in jogging and exercising in the '80's. The American Fitness Craze not only brought about increased sales of nautilus equipment, but also prompted the Surgeon General to intensify his warning about the dangers of smoking. **DEATHS:** Several of the notable deaths of the year included: Yul Brynner, 65, best known for his 4,625 performances as the monarch in *The King and I*; Orson Welles, 70, the voice behind the alien invasion radio scare of 1938, and his role in *Citizen Kane*; Ruth Gordon, 88 writer, dancer and actress; Samantha Smith, 13, writer of the letter to Yuri Andropov who invited her to the U.S.S.R.; E.B. White, 86, writer of the classic children's books *Stuart Little* and *Charlotte's Web*; and Margaret Hamilton, 82, best known for her role as the Wicked Witch of the West in *The Wizard of Oz* . . . **MUSIC:** On July 13, 1985, over 162,000 concert goers attended the largest concert of all times: Bob Geldof's big dream came true as Live Aid hosted several dozen performers and donated all profits to the famine in Ethiopia . . . **TV & VIDEO:** *The Cosby Show* became America's #1 series . . . *Miami Vice* picked up 15 Emmy nominations . . . America's Video Boom hit its most successful year . . . VCR's and Laser Disc Players abounded . . . **FASHION:** Popular clothing items and brand names of the year included Levi's 501 Button Fly Jeans, Esprit, Benetton, Guess, Reebok sneakers, Mumford T-shirts, stirrup pants and paisley designs . . . **FADS:** Trendy fads included New Coke and Cherry Coke, Gummy Bears, California Wine Coolers, and He-Man . . . For some the year was tragic, for others it was remarkable, but for all it was unforgettable . . .

Time it was and what a time it was
It was a time of innocence,
A time of confidences.
Long ago it must be,
I have a photograph.
Preserve your memories;
They're all that's left you . . .
